Tom

Please find attached, your original Grant of Equipment Authorization.

If you find an error, please contact us immediately so we may resolve the situation.

**Per FCC rules, TÜV SÜD America is required to notify applicants/grantees/agents in writing of the sampling requirement and advise that grantees are required to make provisions to have 'production' samples available for at least one year after the last production date and that grantees may be required to submit the equipment for post-market surveillance testing. These samples may be requested, at any time, by either the TCB or the FCC.**

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Woods".
